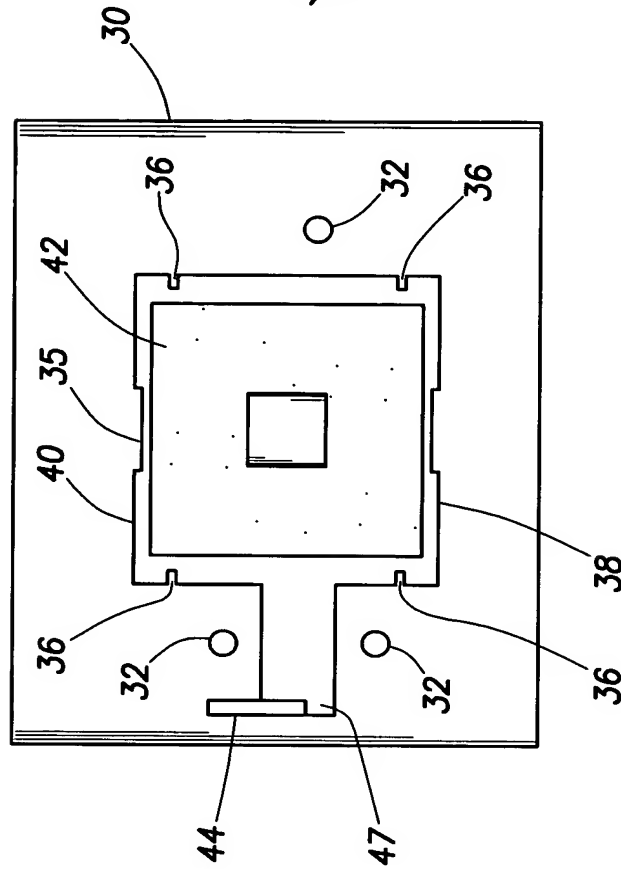

FIG. 4

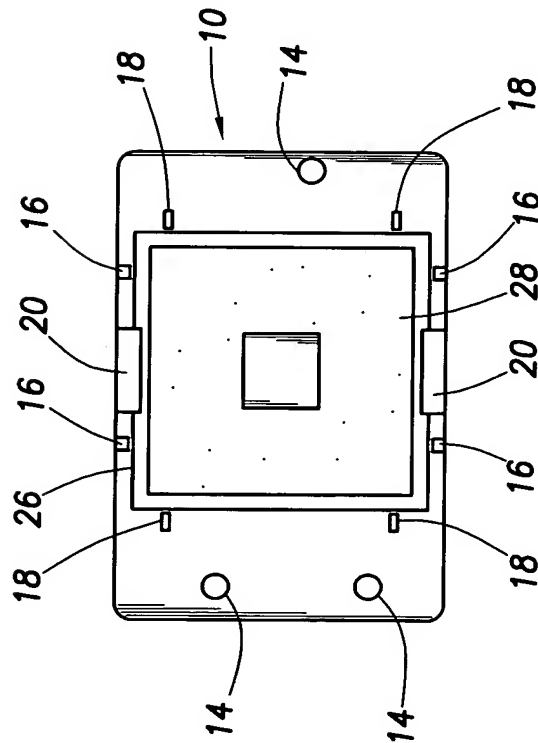

FIG. 3

A cross-sectional view of a device 10. The device is shown in a longitudinal section, revealing internal components. A base layer 10 is at the bottom. On top of the base, there are two main assemblies. The left assembly includes a component 12, a component 28, and a component 30. The right assembly includes a component 16, a component 18, and a component 36. In the center, there is a component 20. A dashed line 7A indicates a specific internal feature or interface. Other labeled components include 42, 43, and 35, which appear to be internal structural or electrical elements connecting the various parts.
